#### **DEFINITIONS AND EXAMPLES**

## FOOD SERVICE ESTABLISHMENT (FSE)

Any facility engaged in preparing food for consumption by the public such as a restaurant, commercial kitchen, caterer, hotel, school, hospital, prison, correctional facility or care institution. This includes bakeries, donut shops, public and private schools, coffee shops, pizza parlors, nightclubs, fast food restaurants, cafeterias, eateries, fire stations, car washes with cafeterias, etc.

### CHANGE OF USE

Any construction or remodeling that changes an existing non-FSE facility into an FSE facility. Example: Print shop is changed into a restaurant; a hair & nail shop converts into a donut shop, etc.

## CITY OF LOS ANGELES BUSINESS TAX REGISTRATION CERTIFICATE NUMBER (BTRC)

Account number from your business's City of Los Angeles Tax Registration Certificate issued by the Los Angeles City Office of Finance.

Example:	0	0	0	0	8	3	4	6	7	9	-	0	0	0	1	-	7

Note: Every person who engages in business within the City of Los Angeles is required to obtain the necessary BTRC and pay the business tax or obtain an exemption.

For more information, or to apply for BTRC call (213) 473-5901 or visit one of the Office of Finance Branch offices.

## FSE COMPANY NAME (DBA)

DBA (Doing Business As) is a name of business used by person or entity instead of his/her own name. It is a called business name (fictitious name) used to describe business on signs, banners, flyers, menus, advertising, etc.

## **FSE LEGAL BUSINESS NAME**

Legal Business Name is a name of the person or entity, which conducts business operation. It can be name of single person, names of partners or name of corporation that owes the business. BTRC is issued to the Legal Business Name.

## OWNERSHIP TYPE(S)

**Note:** Business officer title of "Owner" only applies to Sole Proprietorship. For Partnership & Corporation Business officer titles include: partner, president, vice president, CEO, CFO, secretary, treasurer, managing member, member, etc. See examples on page 4, Section 3 Paragraph 3 D.

## **Sole Proprietorship:**

A company owned by one individual and no partners that is not incorporated with the Secretary of State. Usually, such a business operates by obtaining a local business license and often uses a fictitious name (DBA). In this form of business, general liability rests with the owner.

# **General Partnership:**

A company owned by two or more partners that is not incorporated with the Secretary of State. Usually, such a business is governed by a partnership agreement naming the partner establishing their relationships to one another. In this business the partners equally share all liability of the business regardless of the percentage of ownership.

### Corporation:

A company formed by one or more individuals and incorporated through the Secretary of State. This type of business is usually governed by articles of incorporation, which require the company to be controlled by the plurality of shareholders. The shareholders elect a board of directors, which is responsible for the operations of the company. A corporation is a legal "person". This means that the entity can and does assume liability as an individual.

### **One Person California Corporation:**

In California a One Person Corporation may have only one shareholder and one director. As a result, one person must hold multiple titles (president, vice-president, CEO, CFO, treasurer, secretary, etc).

### **Limited Liability Corporation (LLC):**

This is a corporation, which is taxed like a partnership but without many of the S Corporation restrictions. The limited liability corporation can be used for closely held businesses but not for companies that want to be publicly traded.
